

## **SOMETHING LOOPER**

*I minute and 12 seconds -*

It's tragic when a hero dies  
Shot by my restaurant's guy but that buck doesn't stop  
here

I did not know I was not told  
That there were LoDo beatings for at least half a year

Everybody wants to know  
Where all the dough I give to charities will go you see

And then somebody spoils it all  
By pointing out I look like Howdy Doody

When Ritter had to quit Obama called and said  
The governor I'd have to be

And then he went and spoiled it all  
By pointing out I look like Howdy Doody

The Looper
